Along with article. I went ahead and added Carbaryl SLUA to the table to “up our numbers” since that one was promised in September—my time flies! Thanks, Hope! Steve

Oh, I need to hear about the NOWCC stuff! Let’s talk about that soon. Thanks!

Hi, Hope: Probably wait for full package. BTW I had tried to send out a reminder for the last couple of weeks on the Weekly submissions (or lack of) thru sharepoint on Wednesday evenings but that feature seems to have been lost due to the last Excel upgrade/downgrades (Word, MS Teams, now losing some sharepoint functionality—oh well, at this point). I will add something on the new NOWCC payroll system which has been a fun thing which I have been dealing with it and our NOWCCs on the side. Thanks, Steve

Should we add the SLUA delivery for Carbaryl yet, or wait until the full package is delivered?
